LOCKING

The key gives the possibility to lock the device. In this way, the touchscreen, the product content and the programmed setting is secured.

Inside

How to replace the essential oil?

1

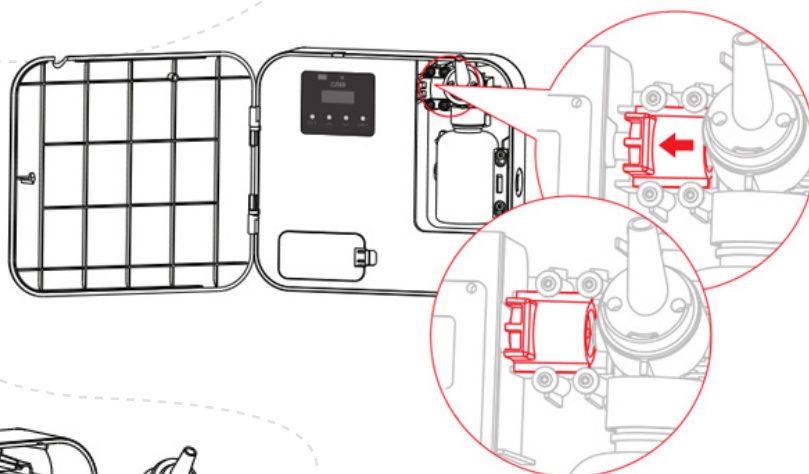

STEP 1

Use the key to unlock the device.

2

STEP 2

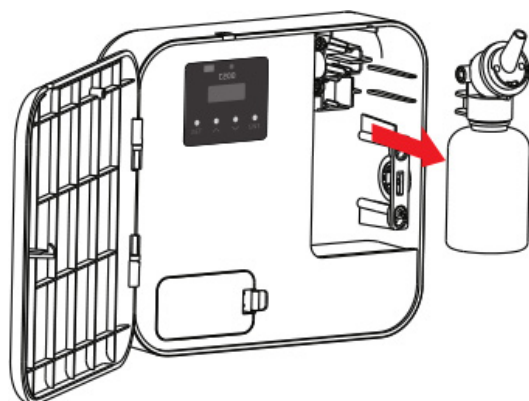

Slide the atomizer head to the left.

3

STEP 3

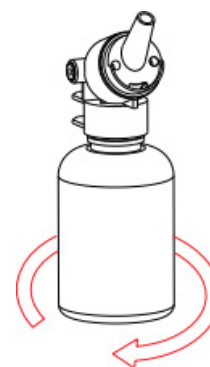

After the atomizer is disengaged, remove the oil bottle from the nebulizer head.

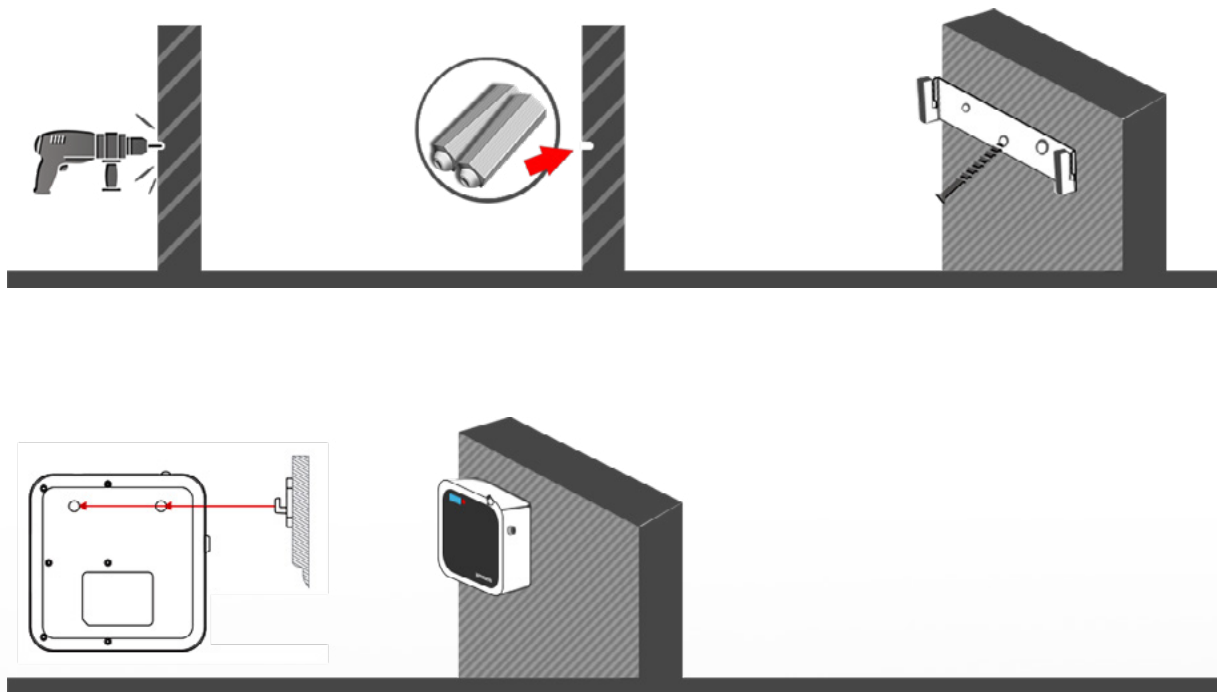

4

STEP 4

Unscrew the nozzle of the essential oil bottle and replace it.

How to attach the device to the wall?

Who are we?

Aromen is a young and dynamic Belgian company. Over the past eight years, we have been able to grow thanks to the drive of our whole team that all share the same passion and enthusiasm for wellbeing.

Founded by Martijn Vanhoorelbeke and Jurgen De Meester, in partnership with Dr. Stephen Lewis. Their expertise and passion for nature and science drive them to develop various models to support wellbeing through aromatherapy and make it easy to integrate into everyday life.

Martijn is a certified herbalist, Jurgen is an agricultural and biotechnology engineer and Dr. Stephen Lewis is a respected physician who specializes in preventive and immunity therapies.
